

RGX

Modular Casework

Modular Casework

The RGX is the first of its kind on the market, offering a truly unique and innovative approach to casework applications.

With its modular and reconfigurable design, it sets a new standard for flexibility and adaptability in casework solutions.

This modular casework bolts together easily, which reduces installation time and cost.

And with its reconfigurable design, you can easily modify or expand your casework layout to adapt to changing needs. RGX can integrate with traditional millwork or wood casework, which gives the ability to seamlessly blend in with existing furniture. Additionally, RGX is fully capable of supporting plumbing and electrical like traditional fixed casework does.

Product Highlights

- RGX Components are reusable, replaceable, and can be expanded (applies to aprons and knee space areas)
- 2" Tube Steel frames with steel side panels
- 15 Powder coat finish options
- Depreciation is 7 years vs 39 years
- Fast installation process – hours vs days
- Easy to move, unlike fixed casework
- Made in Austin, TX

Choose from a range of options for work surfaces and front applications, including steel, phenolic, and HPL/LPL, to perfectly match your workplace aesthetics.

Specifications

Base Cabinets

Wall Cabinets

Options

Fronts Material

Door & drawer fronts are available in powder-coated steel, 0.75 " phenolic, or edge-banded laminate. Steel fronts match the frame color by default, but custom combinations are possible. Ask your sales representative for available finish options in phenolic & HPL/LPL. Lead times are subject to change.

Pulls

Solid machined aluminum wire or flush pulls with 4" nominal width.

Available in matte clear or black anodized finish.

Wire pulls are standard with phenolic and HPL/LPL fronts. Flush pulls are standard with CRS fronts.

Locks (Optional)

5-Disc tumbler locks are offered on all RGX models.

Accessories

Knee Spaces

RGX can create knee spaces using apron rails between cabinets and pedestal legs that will finish with knee panels. Apron rail and knee panel widths are available in 1" increments from 18" to 54". Custom widths are possible (custom widths are to be cut onsite). *Note: RGX apron rails may be substituted with 4.5"H welded aprons from our standard casework catalog.

Apron Rails

Specify width "**WW**" in the model number as shown

below. Model number: RGX-A02WW Example: RGX-A0242

Knee Space Panels

Assembly includes kick base panel and removable wall panel. Select KSP height based on cabinet height and RGX or standard apron style.

KSP Assembly Heights

Nominal	Actual
24	24
27	26.75
30	30
33	32.75

Selecting KSP Nominal Height

		APRON STYLE?	
		RGX	FS STD
CABINET HEIGHT	35	KSP33	KSP30
	33	KSP30	KSP27
	29	KSP27	KSP24

Specify height "**HH**" and width "**WW**" in the model number as shown below.

Model number: RGX-KSPHHWW Example: RGX-KSP3342

Phenolic Resin Countertops

Phenolic resin is well suited to numerous industrial and laboratory applications. Phenolic resin is a non-absorbent, moderately chemically resistant, heat resistant, moisture resistant, easy to clean, and extremely hard material.

 BLACK GRAY WHITE

Epoxy Resin Countertops

Epoxy resin is the highest and most trusted standard in chemical resistance, including corrosive chemicals, as well as very high temperature tolerance. Epoxy is extremely strong and long-lasting, and is available in a wide variety of custom cuts and colors.

 BLACK GRAY WHITE

Stainless Steel Countertops

Stainless steel is recommended in carbon-based chemical labs, clean rooms, and specialty settings. Stainless is easy to clean and non-absorbent, it has no pores or cracks to harbor dirt, grime, or bacteria. It requires minimal care. Stainless steel is the greenest material Formaspace carries due to its infinite design lifetime and 100%, low-energy recyclability.

 STAINLESS STEEL

Laminate Countertops

Standard laminate is an all-around surface material, that can be supplied with a 3mm PVC edge banding. Our standard laminates are laid over a high-density engineered substrate using environmentally sensitive adhesives.
