Formaspace List Price

Effective Date: August 26, 2026

Formaspace is a U.S.-based manufacturer of laboratory, industrial, and technical workspace furniture. We design and manufacture durable, adaptable solutions that can be configured to support a wide range of applications, environments, and project requirements.

The pricing in this document represents current manufacturer list pricing for the products shown. Final pricing may vary based on product configuration, materials, finishes, quantities, shipping, installation, and other project-specific requirements.

Our team provides specification support, layout assistance, finish and configuration guidance, and project coordination to help identify the right solution for your project.

For product information, pricing, or quotation support, contact Formaspace:
